**Nomination Narratives for the  
HARVEY J. BULLOCK, JR., AWARD for EQUITY, DIVERSITY AND INCLUSION,  
YVONNE THOMPSON MADDOX AWARD for EQUITY, DIVERSITY AND  
INCLUSION,  
and the NIH EQUITY, DIVERSITY AND INCLUSION AWARD OF THE YEAR**

**Step-by-Step Guidelines for Writing the Narrative:**

1. Be specific and objective in answering the following questions:
  - a. What did the employee do to warrant recognition?
  - b. How did the employee's contribution(s) exceed normal expectations and official duties?
  - c. What was the outcome (impact) of the employee's accomplishments? What was the scope of the outcome?
  - d. How did the accomplishment(s) support the spirit of this award?
2. Allow the accomplishments to speak for themselves.
3. Be consistent between the proposed citation **(25 words maximum for the plaque)** and the narrative.

*THE NARRATIVE* should focus on the employee's contributions and how they exceeded what is expected in the position. Routine responsibilities and career progression should be included only to establish the context for the actions cited. The cited actions, their impact and significance are important and should be stated clearly. Consideration should be given to employees who make extra contributions daily, as well as those who make significant one-time contributions.

If the employee has received an honor award(s) in the period cited or for earlier actions that may seem similar or overlapping, the nomination should clarify the basis for the prior award(s) and its relevance or non-relevance to the present nomination.

If an award is to be based in part on achievements that have been the basis for a prior honor award, the new award must show how the current accomplishment(s) has advanced beyond the previous one(s).
